WARD PROMISES 4-LANE ROAD TO BENTON

Seen & Heard Around MURRAY

College High is now known as Murray University School.

And Murray State College is now known as Murray State University.

You will probably see both names of these schools used for awhile until we get used to the idea of Murray University School and Murray State University.

Henry Ward has promised Calloway County a four-lane highway. We hope it is closer to Murray than the one that Governor Breathitt promised when he was running for office.

We are having the worst bout with poison oak that we have had for some years.

First we got a concoction from John Ed Scott which reduced the fierce itching.

Since the stuff is spreading we figured we had better get a shot of something, so we went over to see Dr. Amodeo. He gave us an anti-poison oak shot and some little pink pills. We are hoping that this will make it go away.

We are in the midst of our annual digging, transplanting, and planting orgy, so we may be in contact with poison oak for some time.

Thanks to Mrs. William Nall for the nice note thanking us for publicity for the Music Department.

The Sigma Department of the Murray Woman's Club is beginning to get the wheels rolling on their Sigma Chapter '66. This is an all out effort on the part of this department with every member working.

President Johnson is urging everyone to cut down on spending to curb inflation. This is a good idea and one which the government itself could well follow. Unnecessary government spending is adding more to inflation than any other single cause.

Department Called Out On Grass Fires

The Murray Fire Department answered a call this morning at 9:51 to 907 Spencer Street to extinguish a grass fire. Firemen used the booster to put out the flames.

Very little activity was reported for the Murray Police Department on Wednesday, according to Bob McCutcheon, radio operator for the City Hall. A citation was issued to one person for running a red light.

Waters, age 68, was driving a 1961 Ford four door wagon, owned by Murray State College, east on Poplar Street when he became ill and passed out at the wheel. The car then struck a utility pole on the right side of Poplar Street, according to Patrolman H. E. Wilson and Dale Spann of the Murray Police Department who investigated the smash up.

Wilson and Spann said the Ford was heavily damaged in the front. Excise Tax Goes Back On Telephone Bill

Telephone users in the Murray area will begin paying ten percent in excise taxes on their telephone bills mailed beginning April 1.

The federal tax bill restoring the ten percent tax became law March 15. The tax had been reduced to three percent effective January 1.

The increase is a result of the Tax Adjustment Act of 1966, enacted to help meet the country's need for additional revenues during the Viet Nam emergency.

The new law reinstates the telephone tax at ten percent until April 1, 1968, when it will be reduced to 1 percent, and then completely eliminates it on January 1, 1969.

Under the law, the higher tax rate will be applied on local and long distance telephone service bills dated March 28 and thereafter.

"If the government needs additional revenues beyond January, 1969, we hope that a solution other than continuing this discriminatory tax on telephone service can be found," R. K. Carpenter, local manager, said. "In the meantime, we will continue to collect the tax and pass it on to the government, as we have done in the past."

Federal excise taxes have been collected on long distance telephone service off and on since World War I, and on local service since 1948.

Cavalry Out Of Circle Of Viet Cong

By BRYCE MILLER
United Press International

SAIGON (UPI) — U.S. 1st Air Cavalry troops broke out of a Communist encirclement today under cover of a nightlong assault by U.S. planes and drove the bigger force of Viet Cong and North Vietnamese regulars back from the slopes of Chu Pong Mountain.

Planes and helicopters operating by the light of flares dropped bombs, rockets and napalm that engulfed Communist positions in a hail of flames and exploding, and enabled a trapped cavalry unit of 200 men to fight off a force 10 times that size.

Huge Chinook helicopters flew in artillery reinforcements today, and the cavalrymen forced the Communists back toward the Cambodian border a mile away, averting what had threatened to become a disaster for a cavalry reconnaissance unit in the fighting 210 miles northeast of Saigon.

"We heard a lot of them moving during the night, dragging away bodies," said 2nd Lt. Danny Kepcia of New Britain, Conn. "I think the air and artillery pushed them out of the area. That was what really saved our skins."

Early reports indicated U.S. casualties were light, although the helicopters were shot down in the fighting Wednesday. The four-man crew of one was known dead.

But U.S. military spokesmen in Saigon announced late today that 132 more Americans were killed in action during the week ended March 28. Another six Americans were wounded and four others missing in action or captured.

It was reported at the same time that Communist losses for the same week were 1,986 killed and 219 captured.

Would Parallel Present Road But Would Be Further East

A four lane highway was promised to the people of Calloway County yesterday by Henry Ward, Commissioner of Highways. Ward met with the people of Benton yesterday morning and yesterday afternoon spoke here in Murray at the courthouse.

The highway as suggested by Ward would consist of an improved two lanes which now exist, plus an additional new two lanes located to the east of the present Murray Benton Highway.

It is planned to widen and improve the present Benton road.

Ward told a crowd here that in any program utilizing federal funds the state has no say about the number of lanes.

"The number of lanes is determined by traffic engineering studies," he said.

The highway commissioner said the state has two alternatives:

1. To rebuild the entire existing lanes to modern two-lane specifications at a cost of \$3,978,350.

2. Or to build two new lanes and improve the old highway, making essentially a four-lane divided highway at a cost of \$4,705,184.

Citizens in both Marshall and Calloway counties expressed a desire for the latter proposal.

Since the parkway route was approved, said the commissioner new studies are under way to determine whether there is still a need for four-lane divided highway 641. He said if no need is shown, it will ultimately be widened and improved as a two-lane facility.

Ward said he will now sign an authorization for final engineering studies and plans for the highway declaring that "in my years as a highway commissioner, I have never authorized a project unless I knew we were going to carry it out."

The commissioner also said he would immediately authorize funds to construct a four-lane entrance into Benton from the north on U.S. 641, which would run from the city limits northward to a bridge just north of town.

Also to get immediate authorization were projects to build a "K-121 bypass" around Murray State University and to widen an intersection on a project route 641 at Main Street in Murray.

Ward said he hopes the projects will be started by early 1967.

The commissioner also said he would eventually there will be enough money to modernize and widen the existing two lanes of U.S. 641 from Murray south to the Tennessee state line.

He said that "you people are now realizing the results of the bond issue which you approved last November because we now have more money to work with."

Turning to the Purchase Parkway, he said the bond market now appears more favorable than in past months, according to a New York banker he had talked with, and the sale of bonds for the parkway will be started soon.

The commissioner said he believed that work on the new parkway, which would run from near Gilbertsville to the Tennessee line at Fulton, will begin this summer. He said the sale of bonds would also probably take care of construction of the proposed Pennyrile Parkway from Henderson to Hopkinsville.

PTAs In City To Vote On Separation

The Board of the Murray City Schools PTA met on Monday afternoon in the office of City School Superintendent Fred Schultz.

The following plan was adopted for the balloting and counting of the votes on the question of forming separate city school PTA organizations.

The total ballots from each school will be collected, brought together and pooled, and then counted. This will give one single result. Either all schools will have separate PTA organizations or all schools will remain in a joint organization. A simple majority on no wide will decide the issue. A member must be present at the meeting in the school his child attends in order to vote on the issue.

The Murray High School PTA will have a call meeting in the Murray High School auditorium on April 7 at 7:30 p.m. Parents are asked to come prepared to vote on the question of forming separate PTA organizations at this time.

The voting at Carter, Robertson and Austin schools will take place at the regular school PTA meetings.

Income Tax Questions-Answers

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers.

Q - How do I report the gain from the sale of my home?

A - This should be done on Schedule D. If you do not have a copy contact your local IRS office. Instructions are on the form.

Q - I made over \$10,000 last year for the first time. Does that mean I have to file an estimated return this year?

A - Yes, if the total estimated tax exceeds your withholding by \$40 or more. The requirements for filing estimated returns, Form 1041ES, are given on the form and it would be wise for you to check them.

Declarations of estimated tax should be filed if your expected tax liability exceeds withholding by \$40 or more and either (1) your income exceeds \$5,000 for an individual or \$10,000 for married couples filing jointly, heads of households and certain widows and widowers; or (2) more than \$500 of income is from sources not subject to withholding (dividends, business profits, etc.).

Q - I've heard that your agents are paid based on the amount they get when they audit returns. Is that right?

A - No, it is not. There is no commission system. Percentage deal or quota for our audit personnel or any other IRS employee. All employees up to the Commissioner are Civil Service employees who are rated on a merit system.

Q - Is a statement from a doctor sufficient to establish a medical deduction?

A - Such a statement may be used to establish the fact that you had a deductible expense but you also need records to show that the expense was paid during the tax year. A statement for your doctor which included this information usually would be acceptable to support a medical deduction.

Q - What can I deduct for sales tax this year?

A - The 1949 instruction booklet has tables that you may use as a guide.

Q - When is the sale of a home by an individual not taxed?

A - If you are 65 or older and sell your home, you may exclude the entire gain from the sale if the adjusted sale price is \$50,000 or less, and if you owned and used the home as your principal residence for a total of at least 5 years with in 8 years from the date of sale. If the adjusted sale price is over \$50,000, you may exclude part of the gain.

Note that this provision applies only to those 65 years of age and over, and that it is available only once in a lifetime. Other taxpayers who sell their homes should be sure to check the 1949 instructions and Schedule D.

Q - I heard that IRS has booklets for keeping track of tips. How can I, as an employer, get enough copies for my employees?

A - Call your local IRS office and ask for Document 265, a pocket-sized booklet which has been prepared to help keep a daily record of tips. It is free and contains forms used to report tips to employers as well as a brief explanation of the law.

The Department has completed two of its annual hog shows and carcass contests, with these being held at Mayfield and Owensboro. The third will be held at Campobello in October.

At the Mayfield show, 57 exhibitors from 9 counties had 146 animals to qualify for on-foot shows. Of this total, 48 per cent certified for the carcass show.

In the on-foot division, Gordon Samples, a 4-H member from Clinton, showed the grand champion. Samples' animal won the carcass contest, with an animal entered by Bailey Harper, Jr., being named as the reserve champion carcass. The grand champion carcass had a ham and loin cutting of 43.94 per cent.

This year's Owensboro show and carcass contest had 87 animals to qualify for showing. Forty-two animals were entered, with 15 per cent of three being shown. Of the total, 85 graded U. S. Choice No. 1, and 64 per cent certified for the carcass show.

In the on-foot show, Paul Bailey, Route 2, Murray, had both the grand champion and reserve champion. Kenneth Ashby, Jr., Route 1, Hopkinsville, an exhibitor in the youth division, had the grand champion in the carcass division.

Both the shows had the type animals we like to see produced by our Kentucky swine breeders. The number certifying in the carcass contests signify the quality of the animals entered in these events.

Tennis Season Opens At MSU Tomorrow

Murray State University will open its tennis season Friday with Purdue University at Murray and follow with a match Saturday afternoon with Southern Illinois.

Purdue and Southern Illinois will play each other on the Murray courts Saturday morning.

Murray's netters compiled a perfect 22-0 record last season before losing in the Ohio Valley Conference Tournament. All of last year's team are back this season but No. 3 man Ron Underwood, who is now assistant tennis coach.

Nevertheless, the Racers face a mammoth schedule and neither Underwood nor head coach Bennie Purcell expect them to match last year's record.

Following this weekend's round-robin match, the Racers will take on OVC champ Western Kentucky at Bowling Green and during spring vacation will make a southern tour during which they will play Florida State, University of Florida, Pensacola Navy, Mercer, and University of Georgia.

Other highlights of the schedule include matches with Southeastern Conference Champion Mississippi State, the University of Wisconsin, Alabama and a quadrangle meet at Murfreesboro, Tennessee, with Eastern Kentucky, Western Kentucky, and Middle Tennessee.

Nick Barone will play No. 1 singles for Murray again this season. Barone won No. 1 singles in the OVC last year and lost only one match all season—to Western Kentucky's Jackie Cooper, whom he later beat twice.

Jim Novitsky, who won 22 straight single matches for the Racers last year before losing in the finals of the OVC, will again play at the No. 2 spot. Other singles positions will be manned by Mike Remick, No. 3; Larry Niemeyer, No. 4; Oscar Struc, No. 5, and Al Herrens, No. 6.

Underwood said that doubles teams had not yet been determined but that the No. 1 and 2 teams would come from Barone, Niemeyer, Novitsky, and Remick and that the No. 3 team would like be Herrens and Struc.

The complete schedule is as follows:

April 3	Purdue	—	Home
8	Southern Ill.	—	Home
8	Western Ky.	—	Away
9	Pensacola Navy	—	Away
10	Pensacola Navy	—	Away

Murray Takes Two From Northwestern

Murray State's baseball team, 3-1 for the season, will open a three-game series with Purdue today. In their last series, the Thoroughbreds bombarded Northwestern, Purdue's fellow conference member, 14-0 and 16-7. They had previously split two games with Arkansas State.

Coach Johnny Reagan has tapped John Beaton to pitch the series opener with Purdue. Beaton, 1-1, shutout Northwestern but didn't pitch as well as in his loss at Arkansas State, according to Reagan. Pitching Friday will be either Wayne Davis, 1-0, or Dave Gourieux, 1-0 and Saturday Mike Kistner, 0-0, or Bob Williams 0-0.

Reagan, who had feared his pitchers would not be strong or experienced enough for a successful season, admitted that he had been pleasantly surprised by their performance thus far. "I really didn't think we'd win many, if any, of these first few games," he said. "I think the Purdue series will tell us how strong we'll really be. If we can do well against them, we should be alright the rest of the season."

Third baseman Jim Reid is leading the Racers in hitting with a .471 average and in RBI's with 8. Outfielder Wally Andel has hit .389, driven in 5 runs, and had 2 home runs and a double. Outfielder Don Harris is batting .363 and Bill Ryan .357. Ryan has 6 RBI's. Beaton's ERA of 1.9 heads the pitching staff.

Today's and Friday's games with Purdue will begin at 3 p. m. The Saturday game will begin at 1. The Racers will open defense of their Ohio Valley Conference championship next Tuesday at Western Kentucky.

Bradshaw Has Mixed Emotions About '66 Team

LEXINGTON, Ky. (UP) — Like a man watching his mother-in-law driving over a cliff in his new car, Kentucky football coach Charlie Bradshaw had mixed emotions about his Wildcats' first scrimmage of spring practice Wednesday.

Over-all the UK mentor was displeased, but he had words of praise for tailbacks Larry Seiple and Homer Goin. Bradshaw credited several other players with good performances, but felt the scrimmage as a whole was poor.

"The whole thing was non-aggressive," he said. "We were not block-

ing, and the quarterback operation was poor. We did look fair at times defensively, but we still did not hit anyone."

The Blue team, consisting of the first three units, maulled the White team 30-0.

Both teams began with bad cases of fumbleitis.

Bodkin Gets Award For 3rd Straight Year

RICHMOND, Ky. (UP) — Eddie Bodkin, Eastern Kentucky State College's high-scoring forward, was honored Wednesday night as the Maroons' Most Valuable Player for the third consecutive year.

Bodkin, a senior, also was honored as the team's outstanding rebounder during the 1965-1966 cage season.

Adolph Rupp, head basketball coach at the University of Kentucky, was guest speaker at the Eastern basketball appreciation dinner.

Jerry Bisby, also a senior, was cited as the outstanding defensive player for the Maroons, and junior guard Doug Clemmons received the "110 per cent award" for his hustle on the courts.

Dodger Fans Celebrate The Signing Of Koufax, Drysdale

By VITO STELLINO

UPI Sports Writer
From Vero Beach to Brooklyn to Sunset Strip, countless Los Angeles Dodger fans celebrated Wednesday.

The world champion Dodgers are on top of the baseball world again. As if it wasn't enough for the Dodger faithful to have Sandy Koufax and Don Drysdale back in the fold again, they also savored Claude Osteen's two-hit shutout of the Cincinnati Reds that should mean he's ready to back up the K and D combo for the second straight year.

It even prompted exuberant Los Angeles Mayor Samuel W. Yorty to send the following telegram to the mayors of major league cities: "Koufax and Drysdale have signed back to their old ways, the New

The October weather in Los Angeles is ideal. I advise you to get your World Series reservations in early."

Mayor Yorty may seem a bit premature but once Koufax and Drysdale signed their 1966 contracts, the Dodgers immediately became 5-2 favorites out on the Las Vegas odds boards to repeat their 1965 miracle.

Osteen Blanks Reds
Just before Koufax and Drysdale signed their contract for a package in excess of \$230,000—figured to be \$120,000 for Koufax and \$110,000 for Drysdale—Osteen nailed down the opening day assignment by blanking the Cincinnati Reds, 4-0.

While the Dodgers were getting back to their old ways, the New

York Mets continued to act very strangely. The amazin' Mets, on top of the National League Grapefruit standings with a 10-6 record, snapped the Washington Senators five-game winning streak, 5-2.

The Mets failed to get a hit off Jim Duckworth for six innings but jumped on relievers Fred Kreutzer for four runs in the seventh to set up the victory.

The Chicago White Sox, the major's best team this spring with a 16-4 record, returned to their winning ways by snapping a two-game losing string with a 4-2 triumph over Baltimore. John Romano singled in two runs in the sixth inning to give Jack Lamabe the win.

The Detroit Tigers boosted their record to 13-5 by clobbering the Atlanta Braves, 11-7 on a five-run

sixth-inning highlighted by North-up's bases loaded triple.

Radatz Loses Game

Dick Radatz, the one-time "monster" of the Boston Red Sox, served up a two-run homer to Our Flood in the 10th inning that gave St. Louis a 5-3 win over the Sox.

Jim Bunning became the first Philadelphia pitcher to go nine innings as he stopped the Kansas City Athletics, 4-1 on a four-hitter. Bill White and Rich Allen each hit their fourth homer of the spring for the Phillies.

No Substitute for the Truth

By Abigail Van Buren

DEAR ABBY: We don't exactly need advice but we do need your help. My daughter, (I'll call her Maureen) became engaged to a very nice young man she'd gone thru college with. He gave her a diamond and we announced their engagement at a lovely dinner party. We started making the wedding plans when Maureen told us that the young man had asked for more time to think about it because he wasn't sure.

Maureen says she has good reason to believe there is another girl in the picture, so she returned his ring. Here's where you come in. I told Maureen not to worry, that I would write to you and good old Abigail would help us make up a convincing story to tell people. Will you?

MAUREEN'S MOTHER
DEAR MOTHER: "Good old Abigail" quit making up stories years ago when she learned there is no substitute for the truth. Tell people the engagement is off and don't volunteer any details.

DEAR ABBY: Last night my husband and I went to a housewarming party for some friends. The situation was, "From 7 until 9." About a couple of guests began moving the furniture so they could dance. My husband wanted to leave, but I thought it would be okay to stay and dance a while since a few others were dancing. The party lasted a lot longer than we thought it would. Were we wrong to stay and dance?

DEAR BEAMONT: Yes. At 9 p.m. promptly, you should have thanked your host and hostess and "danced" out the door.

DEAR ABBY: I see so many letters in your column from people complaining because some of their friends or relatives don't have good table manners. I once read that when Albert Einstein wanted a good laugh, he'd curl up in a corner with an etiquette book and go into hysterics. He thought the "rules of etiquette" were the funniest things ever written. So do I.

Why should there be only one "proper" way to eat a spear of asparagus? How ridiculous to judge a person on his table manners. My husband is the kindest, most gentleman in all this world, and if he wants to cut up all the meat on his plate at once, and butter a whole slice of bread and shovel it in, God bless him. He paid for it himself, which is more than you can say for a lot of society moochers.

CONFIDENTIAL TO RUTH: All men do not cheat on their wives. But it's a pretty safe bet that the man who says they do, cheats on his!

Troubled? Write to Abby, Box 69700, Los Angeles, Cal. For a personal reply, include a stamped, self-addressed envelope.

THAT CALLAHAN SPUNK!

by FRANCIS AMES

CHAPTER 23
AFTER the auction we had around the place that we knew what to do with. We put the heifers, hogs and the two new horses in the corral, but the chickens just wandered around, cackling and looking out, because they had no chicken coop.

We put a pole up for them in the barn but they insisted on roosting on the calf's back and it got chicken lice and his hair began to fall out.

"If it isn't one thing it's another," Pa complained.

He went to Coyote Wells to buy a set of harness for a new team and got enough money to build a coop against the end of the barn. The chickens liked that and began to lay eggs.

By the time the horses were given most of the snow was gone from the hills. Every day Pa went out to the dirt where he intended to put in his crop, dig up handfuls of dirt and feel it for moisture, to see if it was ready for plowing. All he could think of now was getting the plow into the ground, the crop in, for in the crop laid all his money.

As the last days of March passed Pa went into Coyote Wells to check for a disk and saw and other things he would need. Knowing that he was going to have to ask for credit for all these expensive things, Ma wouldn't go with him, for every time he spoke of going into debt she got a scared look in her eyes. But I went along, wanting to see how things like this were done.

There was a bank in town now, but Pa went straight to Phil Brannigan, who owned the general store, where they sold everything from groceries to hardware and machinery.

"I've got three hundred and twenty acres, Brannigan," Pa said, "out a bit north of Beaver Creek. I'm planning to put in one hundred and twenty acres of grain this year. I've got four sound work horses, a breaking plow and plenty of elbow grease. Mike Fisherty, my neighbor, will lend me a seed disk. But I'm going to need a disk and narrow, some oats for my teams and some grub for my family. This fall when the crop is ready for harvest, I'm going to need a grain binder. I'll pay off when the crop is harvested. How's my credit with you, Brannigan?"

Phil Brannigan was a short, heavy-set man, with a round face and shrewd gray eyes. He slowly looked Pa up and down and he was looking over a horse he planned to buy.

"Let's see now," he said slowly. "You're John, coming from back east. You came here last May and went to work on the survey. Then, when your family came on, you hauled coal and got out fence posts. A man can't dig post holes in

frozen ground, neither. So now we find ourselves up the creek without a paddle."

"What do you mean, John?" Ma asked, worry in her eyes.

"I mean just this. Our four cows and the calf have to be turned on open range, just like everybody else's. We've got three calves soon to be born. Our cows don't carry our brand any more. As it is, I guess I can handle your account."

When we left Coyote Wells we had the disk and the harrow, some sacked oats and corn and a new supply of groceries.

"I wonder why," I said to Pa.

"Mr. Brannigan said he wouldn't credit you if you let Jeas Hooker talk you out of our calf."

"When a merchant gives credit," Pa said, "he's giving the man he gives it to. If the man is a quitter the merchant is apt to lose his gamble. If I let Hooker walk off with my calf I'd have been a quitter. But that wasn't all of it. Like I told you ma last fall, Brannigan knew that I went right to work the survey when I got here and he knew I hauled posts from the badlands until after snow flew. He reckons he'll get his money."

Slowly, like an artist going lightly over brown paint with green, the hills began to color. With one buffalo and pigs, down on the flat to feel the earth. When he bailed it in his hand and dropped it it broke into loose soil.

"It's ready for the plow," he said. "Come, let's hook up the teams."

That was a big day in Pa's life. He sank the plow for mile long furrows from daylight to darkness, plodding back and forth his weary miles.

"Put that up against our twenty acres of rock back east," Pa said, "and we ain't such small apples as we were then."

I worked hard, too. I helped Pa harness and hitch at dawn, milked the cow and fed the stock, the chickens and pigs, pulled up water to fill the trough at the well and brought water to the house.

A new problem presented itself as the range grew green with lush buffalo grass. The ranchers who had gathered their range stock the fall before, to brand, after and cut out for shipment, had driven them in close to the home buildings for wintering. Now they turned all these cattle loose on the range. Pa was quick to see what we were up against, and cursed himself for not building a fence.

"I should have built a fence last fall," he said, "but I couldn't get out enough posts before the snow blocked the badlands, and didn't have money for store-bought posts. A man can't dig post holes in

An investment in Your Future ...ATTEND CHURCH

"For where your treasure is, there will your heart be also"

We all thrill to a...

FAMILIAR TUNE

It is so soothing, comforting, and pleasing to listen to our favorite tunes when played by capable artists. These tunes can make our minds wander back to pleasant memories of days gone by, and also awake us to new joys. Each Sunday we have the opportunity to be thrilled by the preaching of God's word, and the story of God's great love for us. Attend church Sunday and enjoy worshipping God with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
